Description
This ride will take you North through of Oak Ridge on the very twisty roads of the Devil's Triangle. This is a great ride with enough twists and turns to improve most people's riding skills. There are a number of great photo opportunities so you can create fun pictures to show your friends. This 44 mile loop includes TN 62, TN 116 and TN 330. The interesting sections are on TN 116. The western most fun begins at Brushy Mountain Penitentiary and continues northeasterly for 3.5 miles. The tight twisties are as good as the Tail of the Dragon but there are even more dangers here; deep rock strewn gullies just off the pavement, ragged, rusty steel guard rails, steep drop offs and rock cliffs leave no room for error. The middle 14 miles are fairly tame with rural houses and driveways along the entire way. Watch out for kids on ATVs.

This ride is rated at 5 Dragon.
